### Switch on the WOW with OSRAM LEDriving tail lights

#### Innovative & Up-to-date

Driven by our pursuit for innovation and quality, we are redefining vehicle lighting from OSRAM. With the addition of the OSRAM LEDriving taillights for VW Golf VI the extensive OSRAM LED portfolio has received an additional upgrade. These LED taillights offer an innovative design to impressively complement the individual look of your vehicle. They bring precise lighting to the rear of your vehicle and are also an upgrade to the latest OEM premium technology The OSRAM LEDriving taillights for VW Golf VI are composed of: LED position light, LED brake light, LED rear fog light and dynamic LED indicator.

The taillights score thanks to high-performance long-life LEDs with intense brightness and impressive high contrast day and night and are also highly efficient with up to 80% less energy consumption<sup>1)</sup>. They also impress with a homogeneous light distribution thanks to innovative light guide technology and modern diffuser material. As a result of all these aspects, the possibility of an improved perception of your vehicle also results in increased safety in road traffic.

### Completely legal & uncomplicated conversion

Accentuating the vehicle completely legally, in a straightforward and extremely stylish way with eye-catching accents is now very easy with the latest OSRAM innovations. According to the ECE guidelines, the

### Product family datasheet

necessary tests and approvals have been carried out on the OSRAM LEDriving taillights which means that they are therefore completely legal in road traffic and a registration into the vehicle documents is not necessary. ECE certified according to ECE R6/R7/R10/R23/R38/R48.

The Plug & Play technology ensures a quick and uncomplicated installation of the OSRAM LEDriving taillights, existing cables do not have to be changed or damaged.

# Tested OSRAM quality according to DIN EN ISO/IEC 17025

The OSRAM LEDriving taillights have been tested in our DIN-certified environmental simulation laboratory for extreme external influences regarding water, dust, cold & warm temperatures, UV light and permanent vibrations and validated with the IP protection class IP69K.

# Switch on the WOW with the OSRAM LEDriving taillights

#### **Application Advice:**

- Suitable for all VW Golf VI models (2008-2012) with original equipment halogen taillights
- Not suitable for VW Golf VI station wagon
- Not suitable for VW Golf VI with original equipment LED taillights
- Not suitable for RHD Models
- 1) Compared to halogen taillights
